## Displays

|                              |        |
|------------------------------|--------|
| 3M Touch .....               | 65     |
| Conflux .....                | 66     |
| Digital View .....           | 67     |
| EPSON .....                  | 68     |
| Fujitsu .....                | 69     |
| Panjit .....                 | 70     |
| TDK .....                    | 70     |
| Freescale .....              | 71     |
| JEM Innovation Inc .....     | 71     |
| Microchip .....              | 71     |
| Supertex .....               | 71     |
| Texas Instruments .....      | 71     |
| Amulet Technologies .....    | 72     |
| Display Tech .....           | 73     |
| Electronic Assembly .....    | 74, 75 |
| Hantronix .....              | 76, 77 |
| Lumex .....                  | 78     |
| Matrix Orbital .....         | 79     |
| Microtips .....              | 80     |
| New Haven .....              | 81, 82 |
| Noritake .....               | 83     |
| Optrex .....                 | 84     |
| Sharp Microelectronics ..... | 85     |
| Vishay Semiconductor .....   | 86     |

## LED Displays

|                  |        |
|------------------|--------|
| Avago .....      | 87     |
| Kingbright ..... | 88, 89 |
| LiteOn .....     | 90     |

## Opto Drivers

|                          |    |
|--------------------------|----|
| Catalyst .....           | 91 |
| Exar .....               | 93 |
| Infineon .....           | 93 |
| Mean Well .....          | 92 |
| NXP .....                | 93 |
| ON Semiconductor .....   | 93 |
| STMicroelectronics ..... | 93 |
| Supertex .....           | 93 |
| Texas Instruments .....  | 94 |
| Triad .....              | 94 |
| Zetex .....              | 94 |

## Hi-Power LEDs

|                               |    |
|-------------------------------|----|
| Avago .....                   | 95 |
| Chicago Miniature (CML) ..... | 96 |

|                           |        |
|---------------------------|--------|
| Dialight .....            | 96     |
| Optek .....               | 96, 98 |
| LedEngin .....            | 97     |
| Lumex .....               | 98     |
| Sharp .....               | 98     |
| Bivar .....               | 99     |
| DBM Reflex .....          | 100    |
| Kingbright .....          | 101    |
| Lamina .....              | 102    |
| Osram .....               | 103    |
| Seoul Semiconductor ..... | 104    |

## Illumination

|                               |  |
|-------------------------------|--|
| Amphenol .....                | 155                                    |
| Avago .....                   | 105, 106, 107                          |
| Bivar .....                   | 155, 156, 157, 158                     |
| Chicago Miniature (CML) ..... | 108, 109, 110, 111, 112, 113, 114, 115 |
| Dialight .....                | 116, 117, 118, 119, 120, 121, 122      |
| Everlight .....               | 123, 124, 125, 126, 127                |
| JKL Components .....          | 128, 129, 130                          |
| Kingbright .....              | 131, 132, 133, 134, 135, 136, 137      |
| LedEngin .....                | 156                                    |
| LiteOn .....                  | 138, 139, 140                          |
| Lumex .....                   | 141, 142, 143, 144, 145                |
| Optek .....                   | 146                                    |
| Osram .....                   | 147, 148                               |
| ROHM .....                    | 149, 150                               |
| Vishay Semiconductor .....    | 152, 153, 154                          |
| Keystone .....                | 159                                    |
| Toshiba .....                 | 151                                    |
| TYCO .....                    | 160, 161                               |
| VCC .....                     | 156, 162, 163, 164, 165, 166           |

## Opto Components

|                               |                         |
|-------------------------------|-------------------------|
| Avago .....                   | 167, 168, 169, 170      |
| DLC .....                     | 171                     |
| CEL .....                     | 172, 173, 174           |
| Everlight .....               | 175                     |
| Fairchild .....               | 176, 177, 178           |
| LiteOn .....                  | 179                     |
| Optek .....                   | 180, 181                |
| Osram .....                   | 182                     |
| Pacific Silicon Sensors ..... | 183                     |
| Sharp Microelectronics .....  | 184, 185                |
| TAOS .....                    | 186                     |
| Toshiba .....                 | 187                     |
| Vishay Semiconductors .....   | 188, 189, 190, 191, 192 |
