SURFACE MOUNT TO DIP ADAPTER SERIES

Features:

- 5 adapter boards to chose from.
- High quality, durable design.
- Spring loaded, and snap enclosures ensure high surface contact.
- Array of convenient sizes with various lead spacing available.
- Can be used with Global Specialties Electronic Trainers, Premium and Economy Prototyping Solderless Breadboards.
- Ideal for service, prototype, experimental, component testing and educational use.
- Small footprint. Approximately the same size as DIP socket equivalent component.

For quantities greater than listed, call for quote.
