HDMI Receptacle, Type C, Right Angle

## ELECTRICAL SPECIFICATIONS

|                               |            |
|-------------------------------|------------|
| <b>Current Rating:</b>        | 0.5A       |
| <b>Voltage Rating:</b>        | 40V DC     |
| <b>Contact Resistance:</b>    | 30mΩ Max.  |
| <b>Insulation Resistance:</b> | 100MΩ Min. |
| <b>Operating Temperature:</b> | 0°C~+50°C  |

## MATERIAL SPECIFICATIONS

|                          |                                                                                                                                            |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Housing:</b>          | High Temp. Plastic                                                                                                                         |
| <b>Shell:</b>            | Copper Alloy                                                                                                                               |
| <b>Shell Plating:</b>    | Nickel Underplating, Tin Plating                                                                                                           |
| <b>Terminal:</b>         | Copper Alloy                                                                                                                               |
| <b>Terminal Plating:</b> | Tin Selective Gold                                                                                                                         |
| <b>Product Number:</b>   | 1010SC10911-Shell Plating Gold<br>Hlash 1μ Min. over 5μ Nickel Min.<br>1010SC10912-Shell Plating pure<br>tin 80μ Min. over 50μ nickel Min. |
| <b>RoHS Compliant</b>    |                                                                                                                                            |
