

**FLUKE®**

**Outfit your apprentices
and labs with the
best tool for the job,
at “HALF THE PRICE”.**

Not-for-profit schools always receive 25 % off Fluke tools. Now, when those schools purchase two Fluke T5-1000 Electrical Testers or two Fluke 87V Industrial Multimeters at the 25 % education discount, Fluke will donate a third T5-1000 or 87V to the school or training center. Added up, schools receive three tools for about half the price.

fluke.com/educators
Not-for-profit only offer**

**“ Make sure your apprentices
have safety rated tools. ”**

Increase apprentice safety by giving them a safety rated T5-1000 Electrical Tester. Make sure they're ready for the job, by training them to use the 87V Multimeter. Safety is everyone's responsibility, but ultimately it is in their hands.

Terms and Conditions: Offer applies only to not-for-profit schools and training centers with instructors enrolled in the Fluke educator program. Offer not valid to students or high schools. Tools must be purchased through an authorized distributor and Fluke satisfies all orders. Donation offer is only available for purchases of either T5-1000 or 87V. Excludes Fluke Biomedical, Fluke Networks, Amprobe and Comark, or any other Fluke products. Fluke will fulfill tool donations within two months upon receipt of proof of purchase.
