Date	August 1, 2013
Product(s) Affected	F500 series, LPW/ASF series, R579 series, and F series
Date Effective	December 31, 2013
Mfg. Location	Smithfield – SX

Type of Change	<input type="checkbox"/> End of Life <input type="checkbox"/> Material <input type="checkbox"/> Process <input checked="" type="checkbox"/> Other: <u>Mfg Location Change</u>
-----------------------	---

Description of Change	<p>F500, LPW/ASF, R579, and F series product families manufactured at Smithfield, North Carolina will be transferred to the Mexicali, Mexico operation.</p> <p>Customers are encouraged to place orders equivalent to 3 months of demand to cover the transition phase of January 2014 to March 2014.</p>
Reason for Change	<p>The production of F500, LPW/ASF, R579, and F series product families will be transferred to Mexicali, Mexico in order to support long-term supply continuity for our customers. This move also allows TT electronics to expand capacity as required to meet future demand increases.</p>
Implementation Plan	<p>TT electronics will accept orders for parts built in Smithfield until August 30, 2013. However, if orders received by August 30, 2013 exceed the available capacity of the Smithfield manufacturing location prior to the move to Mexicali, TT electronics will provide notification to customers. This notification will include details of orders which must be manufactured after the move to Mexicali.</p> <p>All orders received after August 30, 2013 will be scheduled and manufactured in Mexicali, Mexico.</p>
Recommendations	<p>TT electronics recommends that customers order 3 months of product required to support their demand during the transition period of January 2014 to March 2014.</p>
Availability of Previously Manufactured Products	<p>Previously manufactured inventory is available until inventory is depleted.</p>
