

Qualtek Provides Wide Range of Power Supplies

Qualtek Electronics ~ Design solutions for global demands.

Qualtek Electronics Corporation is the leading supplier of AC Receptacles, Cable Assemblies, EMI Power Line Filters, Fans & Fan Accessories, Heat Shrink Products, Power Cords & Cordsets since 1979.

Qualtek just released its latest product line of power supplies to the market and offers a wide range of AC/DC, DC/DC converters, and LED power supplies. Qualtek Electronics' power supplies are available in enclosed frame, open frame, L bracket, U bracket, external desktop, wall mounted, on board module, and din rail.

The enclosed frame power supplies output ranges from 15W to 500W with some offering power factor correction technologies.

The open frame power supplies range from 20W to 125W.

The DC/DC converters have an input voltage range of 36VDC to 75VDC with a power output from 10W-15W.

Qualtek power supplies come in a variety of output voltages as well, ranging from 3.3V to 48V and they have a wide range of input voltages from 85VAC all the way to 264VAC. Qualtek has an innate ability to be able to conform to its customer's requests for rare applications involving Qualtek's products and it doesn't fall short when concerning its power supplies.

Qualtek has proven excellent leadership and quality in its International Procurement Services (IPS), a division of Qualtek, of which provides a complete range of offshore services from component sourcing to complete turnkey projects to accommodate the needs of the customer.

All of Qualtek Electronics products meet or exceed the RoHS EU and Chinese directives, with most products being REACH compliant. Qualtek Electronics prides itself to be up to date on current safety regulations provided by agencies around the world to ensure Qualtek provides the safest and most reliable product.
