|------------------------------|---|
| <b>Description of Change</b> | <p>V758 (RB58) and V760 (RB60) vitreous enamalled wirewound resistors have reached the obsolescence stage of the product life cycle. Orders will be accepted until Friday, January 3, 2014.</p> <p>For long-term supply continuity, recommended replacement products are included as part his notification.</p> |
| <b>Reason for Change</b>     | The affected product families have reached the obsolescence stage of the product life cycle.  |
| <b>Implementation Plan</b>   | TT electronics will accept orders for the affected part numbers until Friday January 3, 2014. Customers must take delivery of product at lead time. Orders will not be accepted after January 3, 2014.  |
| <b>Customer Impact</b>       | Customers who have purchased V758 (RB68) and V760 (RB60) series resistors are affected by this change notification. For long-term supply continuity, TT electronics is including a recommendation for an alternate product family manufactured at the same facility as the V758 (RB58) and V760 (RB60) series.  |

|  |  |
|--|--|
| <b>Recommendations</b>                                 | <p>For the <b>V758 (RB58)</b> series, <b>TT electronics recommends the W24</b> series of vitreous enamelled wirewound resistors.</p> <p>For the <b>V760 (RB60)</b> series, <b>TT electronics recommends the W23</b> series of vitreous enamelled wirewound resistors.</p> <p>Please contact your local TT electronics representative if you have any questions or concerns regarding these recommendations. W23 and W24 datasheets are available at <a href="http://www.welwyn-tt.com/pdf/datasheet/W20.PDF">http://www.welwyn-tt.com/pdf/datasheet/W20.PDF</a></p> <p>Please note that the W series is also available with CECC approval.</p> |
| <b>Availability of Previously Manufactured Product</b> | Limited inventory is available until depleted.   |
