MSO/DPO2000B Mixed Signal Oscilloscope Series*

Introducing the MSO/DPO2000B Mixed Signal Oscilloscope Series. Like all of our MSO/DPO oscilloscopes, these powerful performers have the accuracy and craftsmanship you expect from Tektronix. Only the low price is surprising. Designed with you in mind, they are packed with innovative features to help speed every stage of debug. These scopes boast 16 digital channels, automated search, Wave Inspector® for navigating long records and even automated serial decode. All at a starting price that makes perfect sense, and backed by a 5-year warranty.

Future of Scopes Sales Event

For a limited time, add a protocol analyzer to your scope for **FREE**. Simply choose the serial analysis module you want, and you'll be decoding your buses in no time (\$500 Value). Offer ends September 26, 2014.
