# LPCXPRESSO VALUE PACK

With the LPCXpresso Value Pack we have taken the next step to make LPCXpresso development as easy as possible. Embedded Artists offers an LPCXpresso Value Pack comprising:

- a 10-pin to 20-pin **JTAG Adapter** designed to convert between the ARM mini-JTAG connector (10-pin) and the standard ARM JTAG connector (20-pin)
- the **LPCXpresso Prototype board** with two pin lists
- a mini-B to A USB Cable

## SPECIFICATION

**LPCXpresso Value Pack**

- **LPCXpresso Prototype board**

- mini-B to A USB Cable

- 10 pin to 20 pin **JTAG Adapter** to use the LPC-Link with any custom board
