

SMT Coin Cell Holder

Battery retainer for Ø12mm coin cell

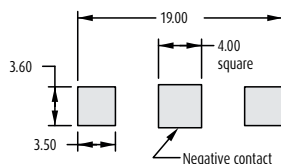

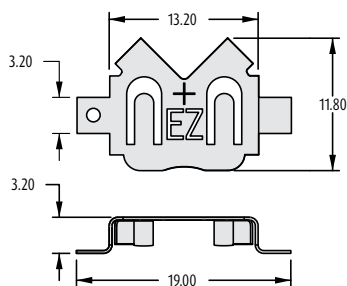

- ❖ Tape & reel packaged for auto-placement to PCB.
- ❖ Highly effective retention of coin cell batteries.
- ❖ Eliminates the need for soldered-in coin cells.
- ❖ Low profile design available with dual independent contact points for enhanced electrical reliability.
- ❖ Accommodates CR1220, CR1225 and similar coin cell batteries.

LOW PROFILE

❖ Packaging

Format: Tape and Reel
Reel quantity: 1,000 on a Ø330mm reel

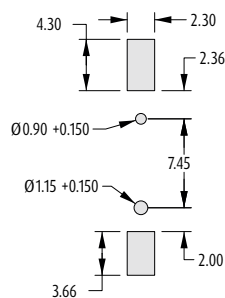

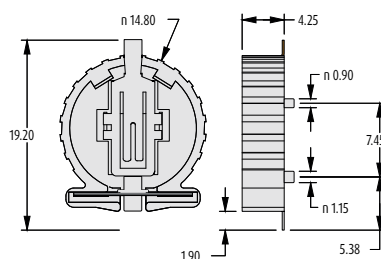

Recommended PC Board Pattern

STANDARD

❖ Packaging

Format: Tape and Reel
Reel quantity: 500 on a Ø330mm reel

Recommended PC Board Pattern

HOW TO ORDER

SERIES CODE		PACKAGING	
S8 XX1 - XX R		R	Tape & Reeled

TYPE		FINISH	
201	Low Profile	45	Gold (S8411)
411	Standard	46	Tin (S8201)

All dimensions in mm.
