

IAR KickStart Kit for LPC11C14

IAR KickStart Kit for LPC11C14

IAR KickStart Kit for LPC11C14 contains the necessary hardware and software and allows you to design, develop, integrate and test your applications:

- LPC11C14-SK evaluation board
- IAR J-Link-Lite for ARM
- IAR Embedded Workbench for ARM 8K limit for Cortex-M0
- IAR visualSTATE evaluation edition

IAR KickStart Kit for LPC11C14

Manufacturer:

Core: Cortex-M0

Device: LPC11C14

Product id: KSK-LPC11C14-JL
