

## IAR KickStart Kit for STM32F407ZG

### IAR KickStart Kit for STM32F407ZG

IAR KickStart Kit for STM32F407ZG contains all the necessary hardware and software and allows you to design, integrate and test your applications:

- STM32F407ZG-SK evaluation board
- IAR Embedded Workbench for ARM 32K limited edition
- IAR visualSTATE 20-state evaluation edition
- IAR J-Link Lite for STMicroelectronics' Cortex-M devices
- Example applications made for the evaluation board by IAR Systems
- RTOS support from IAR Systems RTOS partners

### IAR KickStart Kit for STM32F407ZG

Manufacturer: IAR Systems AB

Core: Cortex-M4

Device: STM32F407ZG

Product id: KSK-STM32F407ZG-JL
