**Mouser Earns Honeywell Sensing and Control's 2009 High Service Award**

**Mansfield, Texas, USA – February 2, 2010 – [Mouser Electronics](http://www.mouser.com), Inc.**, known for its rapid introduction of the newest products, today announced it is awarded the [Honeywell Sensing & Control](#) 2009 High Service Authorized Distribution Award. Mouser was chosen as the first recipient of this prestigious award.

During the Awards Gala Dinner at the annual Honeywell Sensing & Control's Americas Sales Conference, Mouser was recognized for their ability to quickly launch Honeywell Sensing and Control's newest products through a combination of online processes and print marketing techniques. Also acknowledged was Mouser's significant growth year over year.

"We are honored to receive the first ever Honeywell Sensing and Control High Service Authorized Distribution Award," commented Glenn Smith, Mouser's President and CEO. "The award is a tribute to our ability to rapidly introduce the newest products to design engineers and to create new business opportunities for Honeywell Sensing and Control's latest technologies. We look forward to continued growth and to being an essential part of Honeywell Sensing and Control's new product introductions".

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

Mouser Electronics' website and interactive online catalog is updated daily, and searches over 5 million products, with over a million part numbers available for easy online purchase. Plus, downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.
