Mouser Electronics and New Age Enclosures Ink Distribution Agreement

***Mouser chosen first in distribution plan;
stock includes USB, injection-molded enclosures for instruments and electronics***

Mansfield, Texas, USA – November 17, 2008 – [Mouser Electronics](http://www.mouser.com), Inc., known for its rapid introduction of the newest products, today announced it has inked [New Age Enclosures](http://www.newageenclosures.com)' first distribution agreement. New Age Enclosures is a division of Alltec Integrated Manufacturing, an experienced leader in the injection molding industry.

Mouser now stocks New Age Enclosures' engineer-designed enclosures for USB, dongle devices, electronics, key FOBs, handheld instruments, as well as utility cases and desktop boxes.

"New Age Enclosures is a welcome addition to our enclosure product lines. Their vast knowledge in the injection molding process ensures high-quality electronic housings for all buyers, especially electronic design engineers developing USB devices," said Barry McConnell, Mouser Vice President of Product Marketing.

The president of New Age Enclosures, Randall Dennis, stated, "We are excited to take this first step towards building a distribution network by entering into the agreement with Mouser. Mouser is a leading retailer of the world's newest electronics, making this a perfect a match. Together, we can improve the service to our mutual customers through one-stop shopping for their electronic and housing needs."

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects.
