## Mouser Electronics and PanJit Touch Screens Ink Global Distribution Agreement

### *Stock Includes Capacitive and Sunlight Readable Touch Screens*

**Mansfield, Texas, USA –June 10, 2008 –** [Mouser Electronics, Inc.](http://www.mouser.com), known for its rapid introduction of the newest products, today announced it has signed a global distribution agreement with [PanJit Touch Screens](http://www.panjit.com), a leading supplier of resistive and capacitive touch screen solutions servicing various market segments and applications, including GPS, industrial controls, medical IPC, kiosks PC, POS, and more.

“PanJit Touch Screens is very pleased to be associated with a world-class organization such as Mouser Electronics and look forward to a meaningful association,” said Todd Winter, PanJit’s Director of Sales – Americas. “This agreement provides PanJit Touch Screens with the opportunity to expand our resources and technology offerings to a broader customer base and provide design engineers with prompt delivery required for bringing their products to market much faster. This is an ideal relationship as the demand for touch screens continue to grow.”

According to Mike Scott, Mouser Vice President of Active Products, the distributor is pleased to engage with PanJit Touch Screens to rapidly provide design engineers with new products and technologies.

“We are excited to add PanJit’s touch screen products to our linecard,” Scott said, “continuing to deliver our customers the industry’s newest and most innovative products for their newest designs.”

Built for all kinds of outdoor applications, PanJit’s EclipsTouch™ Sunlight Readable Touch Screens enhance the polarized light transmission, color, saturation, and contrast, while reducing the natural reflection, resulting in extended battery power and LCD display life.

With outstanding hardware and software integration, PanJit’s TouchSet™ Controllers feature a user-friendly interface and a robust calibration algorithm, as well as the industry’s highest 4096x4096 resolution support.
