Mouser Electronics and Sagrad Reach Global Distribution Agreement
Stock includes evaluation kits and miniature 802.11 WiFi modules

Mansfield, Texas, USA – January 21, 2009 – Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it has reached a global distribution agreement with Sagrad, Inc. to carry their portfolio of WiFi products.

Mouser's stock includes Diamondback WiFi Mod Carrier Board Evaluation Kits, PC-16/SPI/SDIO performance EVK Evaluation Kits, SPI/SDIO Embedded SW/Test EVK Evaluation Kits, as well as miniature 802.11 WiFi Modules for embedded, low-power and very small form factor mobile applications.

Mike Scott, Mouser Vice President of Active Products, remarks, "Mouser's design engineer customer base will appreciate the quality and reliability of Sagrad kits and modules. Their Wi-Fi experience and expertise allows designers to build with confidence."

"Sagrad is delighted to have Mouser Electronics as one of our distributors," said Chuck Bohac, Vice President of Sales and Business Development for Sagrad, Inc. "As a leading catalog and on-line distributor, Mouser broadens access of our products to an exceptionally wide customer base while offering convenience, unprecedented support and superb quality of service. This will be a very synergistic relationship."

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects.

The Newest Products For The Newest Designs

Mouser Electronics is the only major distributor to publish a new 2,100+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than a million products for easy online purchase, provides over 1.5 million cross-references, as well as more than 900,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 366 manufacturers. Mouser's 2,100+ page catalog is published every 90 days, providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 280,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.

About Sagrad

Sagrad, Inc. provides high quality products and engineering design services with a special focus on digital, analog, and RF design. Incorporated in 2004, Sagrad has more than 10 years of engineering experience with 802.11 system design, as well as extensive RF design capability to include RFASIC IC design. Sagrad designs and manufactures numerous RF products including but not limited to: Customized Wireless Audio Systems, Cellular Base Stations, Mobile Handsets, Phased Array Antennas, FCC certified 802.11 WiFi Modules, Frequency Converters, and Power Amplifiers.
