## **Mouser Expands Sharp Microelectronics Product Portfolio** ***Mouser Now Stocking LCD Panels in Several Sizes***

**Mansfield, Texas, USA – June 11, 2007** – Mouser Electronics, Inc., known for its rapid new product introduction, today announced it is stocking Sharp Microelectronics LCD panels ranging in size from 3.5-inch QVGA up to 15-inch TFT XGA. Sharp Microelectronics is a leading supplier of LCDs, optoelectronics, memory, imagers, and RF/IR components.

“With Mouser’s fast time-to-market philosophy paired with Sharp’s leading LCD displays in a range of popular sizes, customers can get the LCD products they need quickly and easily,” said Mike Scott, Mouser’s Vice President of Active Products.

“By providing customers the newest products and latest technologies, such as Sharp’s new LCD panels, we are able to shorten the time-to-market for our customer’s design projects, which is critical in the electronics industry,” Scott added.

Sharp’s LCD displays provide user interface screens for numerous applications including in-car navigation and entertainment systems, portable video players, displays for test equipment, flat panel computer monitors, TVs, signage, and medical equipment.

The distributor’s broad-based product line, unsurpassed customer service, and streamlined warehouse operations make Mouser the design engineer’s one-stop shop for all the board-level components and associated development tools necessary for total project design.

Mouser Electronics, the fastest growing catalog distributor in the electronics industry, is the only major distributor to publish a new 1,850+ print catalog every 90 days. In addition, its website is updated daily and has over 825,000 products available for easy online purchase 24 hours a day. Mouser.com also provides more than 677,000 downloadable data sheets and over 1.5 million cross-references
