Mouser Electronics and Tektronix Sign Distribution Agreement

***High Quality Oscilloscopes, Arbitrary/Function Generators,
Accessories Now Available for Test and Measurement Needs***

Mansfield, Texas, USA – October 29, 2008 – [Mouser Electronics](http://www.mouser.com), Inc., known for its rapid introduction of the newest products, today announced it has inked a distribution agreement with [Tektronix](http://www.tektronix.com), a leading worldwide provider of test, measurement, and monitoring instrumentation.

Mouser's Tektronix portfolio includes high quality oscilloscopes, arbitrary/function generators, and other essentials for engineers' design benches.

"Adding Tektronix to our line card allows us to expand our offerings to include another world renowned and trusted brand," said Barry McConnell, Mouser Vice President of Product Marketing. "Tektronix's advanced test and measurement technologies are incorporated into their products for design, debug, compliance test, education, training, manufacturing test, and quality control applications. Design engineers turn to Tektronix for their proven, reliable products and we are pleased to stock them for same-day shipping."

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects.

Mouser Electronics is the only major distributor to publish a new 2,100+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than a million products for easy online purchase, provides over 1.5 million cross-references, as well as more than 900,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.
