Mouser Electronics and Vectron International Sign Global Distribution Agreement

***Mouser named exclusive North American catalog distributor;
stock includes crystal oscillators and surface acoustic wave (SAW) products***

Mansfield, Texas, USA – February 23, 2009 – [Mouser Electronics](http://www.mouser.com), Inc., known for its rapid introduction of the newest products, today announced it reached a worldwide distribution agreement with [Vectron International](http://www.vectron.com), the industry leader in precision frequency control products.

Mouser's stock includes Vectron's most popular crystal oscillators and surface acoustic wave (SAW) products.

Barry McConnell, Mouser Senior Vice President of Products, remarks, "Vectron has an international reputation for quality and tight tolerances in the frequency control arena; factors that our designer-engineers will appreciate. As Vectron's exclusive North American catalog distributor, Mouser can offer easy access to its broad-based product lines through our free quarterly catalog."

"Vectron is delighted to be part of the Mouser portfolio of products," said Alan Mond, Vice President Sales and Marketing at Vectron International. "As the world's leader in innovative timing solutions, Vectron's focus has always been to support our customers design community. Mouser, with its leadership position in supporting over 300,000 engineers and buyers with its world class catalogue distribution infrastructure, provides an effective sales channel to tap into this crucial engineering base."

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects.

The Newest Products For The Newest Designs

Mouser Electronics is the only major distributor to publish a new 2,100+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than a million products for easy online purchase, provides over 1.5 million cross-references, as well as more than 900,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 366 manufacturers. Mouser's 2,100+ page catalog is published every 90 days, providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 280,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.

About Vectron

Vectron International is a world leader in the design, manufacture and marketing of frequency control, sensor, and hybrid product solutions using the very latest techniques in both bulk acoustic wave (BAW) and surface acoustic wave (SAW) based designs from DC to microwave frequencies. The innovation and capability provided by Vectron reflects the trend towards higher frequencies, low cost designs and miniaturization, as well as more technologically sophisticated integrated solutions. Vectron is committed to the protection of the environment and is ISO 9001 certified. For more information, visit www.vectron.com.
