ABRACON ABPSM-ULN-A Ultra Low Noise Power Supply Module

Mansfield, Texas, USA — March 19, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from ABRACON.

The Abracon ABPSM-ULN-A Ultra Low Noise Power Supply Module provides 25 nV / $\sqrt{\text{Hz}}$ @ 1 kHz with four regulated DC outputs. Offering 1.8V, 2.5V, 3.3V, and 5.0V DC bias ports, this module is uniquely positioned to replace multiple, low noise, linear power supplies which are typically needed to bias noise sensitive circuitry. The Abracon ABPSM-ULN-A Ultra Low Noise Power Supply Module is designed to utilize a universal low noise AC Adapter, enabling worldwide functionality, accepting 100VAC - 240VAC; 50Hz and 60Hz cycles. Coupled with state of the art low noise regulation, this ABPSM-ULN-A Power Supply Module (PSM) provides an optimal setup to conduct noise sensitive measurements of System Critical circuitry, such as phase noise, jitter, spectral purity, and S/N (signal to noise ratio).

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

Mouser Electronics' website with interactive online catalog is updated daily and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, it houses downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.

About ABRACON

ABRACON CORPORATION was established in 1992 and is a leading global manufacturer of Frequency Control, Signal Conditioning, Clock Distribution, and Magnetic Components. ABRACON has ISO9001-2000 quality certification and offers a wide range of high quality microprocessor crystals, crystal oscillators, SAW devices, and a complete line of magnetic components.
