Tyco Electronics AMPSEAL 16 Connector System released and ready for the challenge!

Mansfield, Texas, USA — January 05, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from AMP / Tyco Electronics.

The Tyco Electronics / AMP AMPSEAL 16 Connector System is targeted for off-road and heavy duty industrial applications. Designed to the highest standards in performance, the AMPSEAL 16 connector family features both wire-to-wire and wire-to-device options. Both Pin and Receptacle housings come fully assembled offering a one piece approach for applied cost savings and ease of ordering. The connector family utilizes size 16 heavy duty stamped and formed contacts offering increased terminal strength, 13A current rating, lanceless design, and a wide wire range of 20-14 AWG. The Tyco Electronics / AMP AMPSEAL 16 Connector System is available in 2-12 positions and features keying / polarization to prevent mismatching and an integral CPA and TPA to ensure both connector and terminal positioning for secure mating. To learn more, visit <http://www.mouser.com/amp>.

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects. Mouser Electronics' website with interactive online catalog is updated daily, and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.
