Mouser Electronics Expanding Capacitor Lines for AVX Corporation ***Stock includes TRJ Series and ARSkycap Series***

Mansfield, Texas, USA – January 8, 2009 – Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it has expanded its stock of AVX Corporation's TRJ tantalum chip capacitors and the ARSkycap capacitors.

The TRJ Series are professional tantalum chip capacitors with twice improved reliability and are robust against higher thermo-mechanical stresses during the assembly process. The DCL is reduced by 25% to 0.0075 CV for a CV range of 0.1-470 μ F / 6.3-50V. The TRJ series is ideal for automotive, medical, aerospace, military, and other high-end applications.

The SkyCap® AR Series are conformally coated, radially leaded MLCs with temperature coefficients of C0G (NP0), X7R, and X8R. Available in 200, 100, and 50 volts, the lead materials are RoHS compliant (100% tin) and qualified to AEC-Q200, PPAP available.

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects.

Mouser Electronics is the only major distributor to publish a new 2,184+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than a million products for easy online purchase, provides over 1.5 million cross-references, as well as more than 900,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.

The Newest Products For The Newest Designs

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 390 manufacturers. Mouser's 2,184+ page catalog is published every 90 days, providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 280,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.

About AVX Corporation

AVX Corporation is the technology leader in the passive component and connector markets. Their commitment to provide the most advanced product performance ensures customers can engineer solutions to meet the latest market requirements. Mouser Electronics is an authorized distributor and key partner in the supply of AVX components to the North American market. For more information, visit <http://www.mouser.com/AVX/>.
