Mouser Electronics Now Stocking AVX TWA Series Capacitors

***Stock includes axial leaded wet electrolytic tantalum capacitors with
A higher level of capacitance/voltage than previously available***

Mansfield, Texas, USA – April 23, 2009 – Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking the TWA series of wet electrolytic tantalum capacitors from AVX. AVX is the technology leader in the passive component and connector markets.

The TWA series features an axial lead and a higher level of capacitance/voltage (C/V) than previously available. TWA incorporates a novel, very high capacitance cathode system that allows for higher CV designs. The design includes a welded tantalum can and header assembly that provides a hermetic seal to withstand the harsh shock and vibration requirements of 39006.

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects.

Mouser Electronics is the only major distributor to publish a new 2,184+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than a million products for easy online purchase, provides over 1.5 million cross-references, as well as more than 900,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 390 manufacturers. Mouser's 2,184+ page catalog is published every 90 days, providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 280,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.

About AVX Corporation

AVX Corporation is the technology leader in the passive component and connector markets. Their commitment to provide the most advanced product performance ensures customers can engineer solutions to meet the latest market requirements. Mouser Electronics is an authorized distributor and key partner in the supply of AVX components to the North American market. For more information, visit <http://www.mouser.com/AVX/>.
