AVX LED Lighting Connectors Series 9159

Mansfield, Texas, USA — July 08, 2009 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from AVX Connectors.

AVX offers new LED Lighting Connectors Series 9159 which are board-to-board interconnects with 2 to 6 way plugs and sockets or a card edge style for daisy chaining multiple LED boards together in a series. The simple and cost effective one-piece card edge connectors on a 2.0mm pitch provide multiple connections to tin plated fingers at the end of each 1.60mm thick PCB. The two-piece plug and receptacle SMT connector system is on a 3.0mm pitch with a miniature 3.0mm height and 5.5mm overall mated length. The AVX LED Lighting Connectors Series 9159 help designers in their newest product applications.
