

For Immediate Release

AVX OxiCap®NOJ Series Low Profile Capacitors - Expansion

June 14, 2011 - Mouser Electronics, Inc., regarded as a top design engineering resource and global distributor for semiconductors and electronic components, today announced it is stocking new product from AVX.

AVX has expanded its OxiCap® NOJ Series Capacitor line to include the low-profile version that offers the same features of the standard, but with 7 additional case sizes available and a CV range of 2.2-470µF/1.8-10V.

The AVX OxiCap® NOJ Series Capacitors are Niobium Oxide capacitors built with non-burn, non-smoke technology. The NOJ Series offers a reliability level of 0.5%/1000 hrs, 6 case sizes, and a CV range of 4.7-1000µF / 1.8-10V. The AVX OxiCap NOJ Series Capacitors received IBM global approval in 2004 and received the Electra Award in 2005. The NOJ Series is RoHS compliant and Lead(Pb)-free compatible. With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 17 global support locations and the latest, most technologically advanced components for their newest design projects. Mouser Electronics' website is updated daily and searches more than 8 million products to locate over 2 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 2 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 300,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit www.mouser.com.

About AVX

AVX Corporation is the technology leader in the passive component and connector markets. Their commitment to provide the most advanced product performance ensures customers can engineer solutions to meet the latest market requirements. Mouser Electronics is an authorized distributor and key partner in the supply of AVX components to the Global market. For more information, visit <http://www.avxcorp.com/>.
