SL Power Provides One of the Highest Power Outputs in Standard External Power Supply

Mansfield, Texas, USA — November 10, 2009 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Ault / SL Power.

SL Power's Ault MENT1220 Series 220W Medical Switch-Mode Power Supply features a universal input 100Vac - 240Vac and a single output to 220W. One of the highest power outputs in standard external power supply, the desktop style power supply is housed in a non-vented case with no internal fan and ribbed case surface to improve cooling. The SL Power Ault MENT1220 Medical Switch-Mode Power Supply meets Energy Star 2.0, Level V; is certified to EN60601-1-2; and is enclosure rated to IPX1, among others. To learn more, visit <http://www.mouser.com/ault>.

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

Mouser Electronics' website with interactive online catalog is updated daily and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, it houses downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.

About Ault / SL Power

Ault Incorporated designs, manufactures, and markets power conversion products. Ault's product lines include standard and high-efficiency AC/DC converters, external power supplies, and adapters. Ault is a seasoned competitor in the power supply industry and a leading supplier to original equipment manufacturers (OEMs) of data communications equipment, telecommunications equipment, portable medical equipment, industrial equipment, and related computer peripherals. Ault's power conversion products are used to adapt alternating current (AC) to provide a source of power at various levels from 1 to 1200 watts for a wide variety of electronic applications. Many of the company's products are located outside the equipment they power as wall plug-in or in-line components and generally are referred to as "external power conversion products", while the balance of the products are located within electronic devices.
