Avago Technologies APDS-9702-020 Signal Conditioning IC is in stock at Mouser!

Mansfield, Texas, USA — August 17, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Avago Technologies.

The Avago Technologies APDS-9702 signal conditioning IC enhances the performance and robustness of the optical sensors used for proximity or object detection. The Avago Technologies APDS-9702 is a single-chip solution consisting of an I²C Write function, oscillation circuit, LED driver circuit, and sunlight cancellation circuit integrated into a single chip. This signal conditioning IC has artificial light immunity and is also operational under the sun. The Avago Technologies APDS-9702 can be paired up with an integrated proximity sensor or discrete pair solution for optimized design flexibility. This signal conditioning IC for optical proximity sensors is ideal for use in a variety of applications, including PDAs and mobile phones, digital cameras, personal computers / notebooks, and more.

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

Mouser Electronics' website with interactive online catalog is updated daily and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, it houses downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.
