

## For Immediate Release

### Bluegiga eHealth Bluetooth Products Are In Stock At Mouser

**September 20, 2011** - Mouser Electronics, Inc., regarded as a top design engineering resource and global distributor for semiconductors and electronic components, today announced it is stocking new product from Bluegiga Technologies.

Bluegiga eHealth Bluetooth Products are a collection of various radio modules and the gateways that connect them. The Bluegiga eHealth Bluetooth Modules use iWRAP firmware, a powerful and easy-to-use tool that enables users to access Bluetooth functionality with simple ASCII commands delivered to the module over a serial interface. iWRAP firmware offers users a simple software integration without the need of Bluetooth protocol or profile development. It is an embedded Bluetooth stack firmware for Bluegiga's Bluetooth which hides the complexity of Bluetooth protocol stack and profiles from the end user.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 17 global support locations and the latest, most technologically advanced components for their newest design projects. Mouser Electronics' website is updated daily and searches more than 8 million products to locate over 2 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

#### **About Mouser**

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 2 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 300,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit [www.mouser.com](http://www.mouser.com).

### **About Bluegiga Technologies**

Bluegiga Technologies Inc. provides Bluetooth® based wireless modules and access device solutions. Bluegiga Bluetooth modules provide the highest level of integration that enable device manufacturers and OEMs to easily add wireless, secure and standard based connectivity into their applications. The Bluegiga Bluetooth access devices product family offers cutting-edge routers, Access Points, and management tools - enabling you to create efficient and scalable networks. For more information, visit <http://www.bluegiga.com>.

### **Trademarks**

Mouser and Mouser Electronics are registered trademarks of Mouser Electronics, Inc. All other products, logos, and company names mentioned herein may be trademarks of their respective owners.
