## Stay connected with Digi International XBee® & XBee-PRO® ZB Adapters

**Mansfield, Texas, USA — February 17, 2010** - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Digi International.

Digi International XBee® and XBee-PRO® ZB adapters deliver wireless connectivity to electronic devices using self-healing, self-configuring wireless ZigBee mesh networks. Digi International XBee and XBee-PRO ZB adapters are ideal for wirelessly enabling sensors, controllers, and other devices in legacy wired applications without the development time required for embedded solutions. XBee and XBee-PRO ZB adapters can be battery or mains powered and are available in a wide range of physical interfaces, including RS-232, RS-485, USB (power harvesting), digital I/O, and analog I/O. These Digi International devices are compatible with ConnectPort X gateways, XBee modules, and XBee accessories.
