## **Mouser Electronics Stocking FCI Cable Assemblies**

### ***Mouser first to stock High Speed Cable and Power Cable Assemblies***

**Mansfield, Texas, USA – February 11, 2009** – [Mouser Electronics](http://www.mouser.com), Inc., known for its rapid introduction of the newest products, today announced it is stocking High Speed and Power Cable Assemblies for FCI, a leading connector manufacturer in the world.

Mouser's FCI stock includes a wide range of [high speed cable assemblies such as Mini-SAS/SATA, DensiShield™, and EyeMax®](#). These high speed cable assemblies provide full signal integrity support and are designed to meet future requirements.

Mouser is also stocking a broad range of [power cable assemblies such as USB+Power, PwrBlade®, PwrTwin Blade™, and Power D-sub](#). These cable assemblies provide solutions for backplane-to-card interface, power distribution, and thermal management.

Barry McConnell, Senior Vice President of Products for Mouser, comments, "In keeping with Mouser's commitment to rapidly provide the latest, newest products, Mouser is the first and only distributor to be stocking these cable assembly packages at this time. Design-engineers and small quantity buyers can always rely on Mouser for up-to-date products."

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects.

Mouser Electronics is the only major distributor to publish a new 2,184+ page print catalog every 90 days. In addition, its website with an interactive online catalog is updated daily, contains more than a million products for easy online purchase, provides over 1.5 million cross-references, as well as more than 900,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.
