Mouser is stocking the New Micro-USB Connectors by FCI!

Mansfield, Texas, USA — September 24, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from FCI.

The FCI Micro-USB Connector is the must-have tool in a multimedia device market. Extremely small in size, these high reliability connectors comply with physical, electrical and environmental requirements of Micro-USB standard (USB 2.0) and offer other significant features and benefits, including receptacle and plug styles and high durability. FCI Micro-USB Connector receptacles and plugs are available in a wide variety of mounting and termination configurations for use in various applications, such as portable music players and mobile phones. FCI's IO-Connections portfolio provides customers access to a wide range of industry-standard and application-specific I/O interconnect solutions.
