The New Fluke 381 Series Remote Display AC/DC Clamp Meter with iFlex Probe is in stock at Mouser.

Mansfield, Texas, USA — January 10, 2011 - Mouser Electronics, Inc., regarded as a top global engineering design resource for semiconductors and electronic components, today announced it is stocking new product from Fluke.

The new Fluke 381 Series Remote Display True-rms AC/DC Clamp Meter with iFlex™ has all the functions of a clamp meter, but also allows the removal of the display for added flexibility. Wireless technology allows the display to be carried up to 30 ft. away from the point of measurement without interference with measurement accuracy. The first of its class to offer a detachable, remote display for easier, faster, and safer measurements, Fluke's 381 Series Remote Display True-rms AC/DC Clamp Meter offers up to 1000 A ac and dc current measurement, 1000 V ac and dc voltage measurement, and includes the iFlex™ flexible current probe that expands the measurement range to 2500 A ac while providing increased display flexibility, ability to measure awkward sized conductors and improved wire access. The 381 Series also has CAT IV 600V, CAT III 1000 V safety ratings;integrated low pass filter;and state-of-the-art signal processing for noisy electrical environments.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers by delivering What's Next in emerging technologies. Mouser offers customers the latest, most technologically advanced components for their newest design projects. Mouser Electronics' website is updated daily and searches nearly 7 million products to locate over 1.8 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser

Part of Warren Buffett's Berkshire Hathaway, Inc., Mouser Electronics, Inc. is an award-winning semiconductor and electronic component distributor, focused on the rapid introduction of new products and emerging technologies to electronic design engineers. Mouser.com features more than 1.8 million products online from more than 400 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 300,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility, located south of Dallas, Texas. For more information, visit www.mouser.com.

About Fluke

Fluke Corporation is the world leader in the manufacture, distribution and service of electronic test tools and software. Since its founding in 1948, Fluke has helped define and grow a unique technology market, providing testing and troubleshooting capabilities that have grown to mission-critical status in manufacturing and service industries.

From industrial electronic installation, maintenance and service, to precision measurement and quality control, Fluke tools help keep business and industry around the globe up and running. The Fluke brand has a reputation for portability, ruggedness, safety, ease of use, and rigid standards of quality.
