Mouser has the Future Designs, Inc. SOMDIMM-LPC3250 CPU Module In Stock

Mansfield, Texas, USA — April 13, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Future Designs, Inc..

The FDI SOMDIMM-LPC3250 modular LPC3250-based microprocessor plug-in system on module provides a quick and easy solution for implementing an ARM926EJ-S-based design by providing the basic functions necessary for a product on an easy to use SOMDIMM. The FDI SOMDIMM-LPC3250 CPU module uses an industry-standard 200-pin SO-DIMM interface used by almost every laptop on the market. This FDI SOMDIMM is compatible with FDI touch screen LCD kits but can also be used for custom platform development or customer applications. The FDI SOMDIMM-LPC3250 CPU module includes an NXP Semiconductors LPC3250 ARM926EJ-S-based microcontroller (MCU) running the open source Linux software platform. The NXP LPC3250 has 256KB of internal SRAM, a 10/100 Ethernet MAC, a USB full speed device/host/OTG controller, seven UARTs, and a collection of serial communications interfaces. The FDI SOMDIMM-LPC3250 also includes 64MB of external DDR SDRAM and 512MB of external NAND FLASH.

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

Mouser Electronics' website with interactive online catalog is updated daily and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, it houses downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.
