### **About Harwin**

Harwin has supplied superior electrical interconnects for over 50 years. Harwin's global network of manufacturing, support centers, and distributors allow them to meet the specialist needs of the world interconnection market. Harwin connectors have a proven history in several applications, including Military and Aerospace.

Harwin's Datamate is a professional range of 2mm pitch connectors suitable for high-performance applications. The series of Miniature High Reliability Connectors with latches (L-Tek) or Jackscrews (J-Tek) provide additional connection security and are great for high levels of shock and vibration. The Datamate connectors have a unique contact design that allows 3 amps for signal contacts and up to 20 amps (Mix-Tek) for power contacts. Datamate provides maximum flexibility for design engineering. Reliability When You Need it Most. For more information, visit <http://www.harwin.com>.
