Mouser Electronics and Honeywell Sensing and Control Sign Distribution Agreement

Customers Gain Instant Access to Honeywell's Innovative Sensors and Switches

Mansfield, Texas, USA – July 15, 2008 – [Mouser Electronics, Inc.](http://www.mouser.com), known for its rapid availability and introduction of the newest products, today announced it has signed a distribution agreement with [Honeywell Sensing and Control](http://www.honeywell.com), a leading supplier of sensing and control products.

Mouser will stock a variety of Honeywell products including a broad selection of basic and complex custom controls, pressure sensors, speed sensors, position sensors, and thermostats, as well as their impressive MICRO SWITCH™ product line which consists of basic switches, limit switches, and sealed switches.

"Honeywell's engagement with Mouser is a great addition to our existing channel. Their focus on rapid product introductions and their reach into the electronic design segment is very impressive," said Bradd Schneider, Vice President of Global Sales, Sensing and Control, Honeywell International.

"According to Barry McConnell, Mouser Vice President of Product Marketing, the addition of Honeywell Sensing and Control enhances the selection of the newest products available to the distributor's design engineering customer base.

"We are pleased to partner with such a strong industry leader," McConnell said, "and quickly deliver Honeywell's innovative sensing and control products to our engineering customers."

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects.

Mouser Electronics is the only major distributor to publish a new 2,100+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than a million products for easy online purchase, provides over 1.5 million cross-references, as well as more than 900,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.
