## **Most Accurate Motion Control Sensing in the Industry!**

**Mansfield, Texas, USA — January 15, 2010** - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Honeywell Sensing & Control.

The Honeywell SMART Position Sensor is the most accurate and durable linear position device available in the industry, enabling highly accurate motion control and improving operation efficiency and safety. With a 75mm linear configuration, the SMART Position Sensor is a non-contacting sensing solution for linear absolute position sensing - sensing from 0mm to 75mm (0 in to 3.0 in). This Honeywell SMART Position Sensor has the ability to self-calibrate and self-diagnose to reduce equipment downtime. Small in size, the position sensor meets IP67 and IP69K for use in a variety of harsh applications in the aerospace, medical, and industrial industries.

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects. Mouser Electronics' website with interactive online catalog is updated daily, and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

### **About Mouser**

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs a year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit [www.mouser.com](http://www.mouser.com).

## **About Honeywell Sensing & Control**

For innovation that's set well apart, there is only Honeywell Sensing and Control. With more than 50,000 products ranging from snap action, limit, toggle, and pushbutton switches to sensors for position, speed, pressure, torque, temperature, humidity, and airflow. Honeywell Sensing and Control has a product to meet your needs.

Honeywell Sensing and Control brings engineering expertise and capabilities that no other company offers. With its comprehensive portfolio, quality, and reliability, Honeywell Sensing and Control products support every step of your most demanding goals and standards to deliver consistent, trustworthy performance.
