## For Immediate Release

### Keil Tools ARM Cortex™-M4 Evaluation Boards for NXP LPC4350 & STM STM32F407IG

**January 06, 2012** - [Mouser Electronics, Inc.](http://www.mouser.com), regarded as a top design engineering resource and global distributor for semiconductors and electronic components, today announced it is stocking new product from Keil Tools.

Keil Tools ARM Cortex™-M4 Evaluation Boards for NXP LPC4350 & STM STM32F407IG enables the user to create and test working programs based on the NXP LPC4350 or STMicroelectronics STM32 F4xx families of ARM Cortex™-M4 processor-based devices. The Keil Tools ARM Cortex™-M4 Evaluation Boards for NXP LPC4350 & STM STM32F407IG each include MDK-ARM Lite Edition development tools. These tools help the user get started writing programs and testing the microcontroller and its capabilities. Sample applications and a Quickstart guide are included with each evaluation board. The MCB4350 and the MCBSTM32F400 are each available as a stand alone evaluation board or as a starter kit which includes the ULINK2 or the ULINK-ME debug adapter.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 19 global support locations and stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is updated daily and searches more than 8.9 million products to locate over 3 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

### **About Mouser**

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning, authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 3 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 375,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit [www.mouser.com](http://www.mouser.com).

### **About Keil Tools**

Keil Tools is a leading provider of real-time kernels, C/C++ compilers, debuggers, integrated environments, simulation models, and evaluation boards for ARM, Cortex-M, Cortex-R4, 8051, C166, and 251 processor families.
