## Lantronix MatchPort® AR Linux Software Developer's Kit

**Mansfield, Texas, USA — October 07, 2009** - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Lantronix.

The Lantronix MatchPort® AR Linux Software Developer's Kit (SDK) provides the ability to create value-added applications to run on the MatchPort AR module using the Linux Operating System. This Lantronix MatchPort AR SDK is built on the stable 2.6 Linux kernel and includes all the components needed to create secure network enabled products using the Linux OS. The Linux Software Developer's Kit features a validated set of Linux-based applications, an extensive software library, a board support package (BSP) and device drivers that allow quick creation of a custom finished product. With the MatchPort AR Linux SDK, you can leverage the growing demand for Linux-based products without the usual hassle of doing all the groundwork. To learn more, visit [http://www.mouser.com/lantronix\\_mp\\_linux\\_sdk](http://www.mouser.com/lantronix_mp_linux_sdk).

Mouser Electronics is the only major distributor to publish a new 2,184+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than a million products for easy online purchase, provides over 1.5 million cross-references, as well as more than 900,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.

### About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 390 manufacturers. Mouser's 2,184+ page catalog is published every 90 days, providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 280,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit [www.mouser.com](http://www.mouser.com).
