Lantronix XPort® Pro™ Embedded Networking Module

Mansfield, Texas, USA — October 30, 2009 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Lantronix.

The Lantronix XPort® Pro™ Embedded Networking Module is the most powerful, self-contained Lantronix embedded networking module. The thumb-sized XPort Pro provides everything you need in a single embedded solution. The XPort Pro is footprint compatible with the popular XPort and running either Linux or Evolution OS™ operating systems and eliminates the complexity of designing network connectivity into a product. This Lantronix embedded networking module allows you to deploy advanced applications on the edge device itself. The XPort Pro Embedded Networking Module effortlessly handles demanding applications with the power of a high-speed, advanced architecture 32-bit processor. This Lantronix module features ample built-in memory, allowing virtually unlimited flexibility for customization and application enablement. To learn more, visit http://www.mouser.com/lantronixxportpro.

Mouser Electronics is the only major distributor to publish a new 2,184+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than a million products for easy online purchase, provides over 1.5 million cross-references, as well as more than 900,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 390 manufacturers. Mouser's 2,184+ page catalog is published every 90 days, providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 280,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.

About Lantronix

Lantronix brings the power of the network to new people, new places, and new things with over 4 million products in use worldwide. Whether you want to accelerate and optimize your existing network or deploy a next-generation network of smart devices, Lantronix offers products and solutions that will work for you.
