Lumex launches their new QuasarBrite™ High Temp LED Displays and Mouser has them.

Mansfield, Texas, USA — March 16, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Lumex.

Lumex QuasarBrite™ High Temp 7-Segment LED Displays provide bright, crisp display performance in market-leading temperature ranges up to 105°C. Lumex QuasarBrite High Temp 1/4 watt LED Displays are available in sizes from 0.28 to 4 inch character height. These Lumex devices are compatible with standard drivers and available in any standard color. QuasarBrite LED displays are ideal for a wide range of applications that require performance in extreme heat conditions, including industrial control device technology, military applications, and appliances.
