For Immediate Release

New Lumex MicronSensIR™ Infrared Emitter & Detectors are available at Mouser!

February 02, 2012 - [Mouser Electronics, Inc.](http://www.mouser.com), regarded as a top design engineering resource and global distributor for semiconductors and electronic components, today announced it is stocking new product from Lumex.

Lumex MicronSensIR™ Infrared Emitter & Detectors provide industry-leading sensitivity, reliability, and durability. MicronSensIR™ Infrared Detectors are PbS and PbSe detectors which provide unparalleled sensitivity versus cost in the detection and identification of gases in the 1.0 to 5.5µm infrared region. Lumex MicronSensIR™ Infrared Emitter & Detectors offer best-in-class performance statistics and are ideal for a wide range of applications.

About Mouser

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 2 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 300,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit www.mouser.com.

About Lumex

Lumex is a leading manufacturer of LEDs, optoelectronic components, devices, and displays. Their products are used mostly in the man-to-machine interface, and in some cases, for the detection of motion, short-range signaling, and fiber communications. Lumex offers thousands of items, with an emphasis on both application-specific and customer-specific capabilities.
