

## For Immediate Release

### **Luminus Devices Projection Technology PhlatLight™ SBT16 LEDs are at Mouser!**

**December 28, 2011** - [Mouser Electronics, Inc.](http://www.mouser.com), regarded as a top design engineering resource and global distributor for semiconductors and electronic components, today announced it is stocking new product from Luminus Devices.

Luminus Devices PhlatLight™ SBT16 LEDs use Luminus Devices' Projection Technology (PT), an innovative solid-state light source created to replace arc lamps in projection systems, enabling a new category of lamp-free projectors. Enabled by unique use of Photonic Lattice technology, Luminus Devices PhlatLight™ SBT16 LEDs represent a major breakthrough in brightness that delivers all the benefits of solid state light sources in projections applications. PhlatLight products benefit from numerous innovations in the domain of packaging, thermal management, and optical coupling that allow designers to achieve efficient light engine designs and deliver high screen brightness.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 19 global support locations and the latest, most technologically advanced components for their newest design projects. Mouser Electronics' website is updated daily and searches more than 8 million products to locate over 2 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

### **About Mouser**

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 2 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 300,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit [www.mouser.com](http://www.mouser.com).

### **About Luminus Devices**

Luminus Devices develops and manufactures high performance, solid state lighting solutions for a variety of illumination applications previously thought impossible for solid state lighting. The patented PhlatLight® LEDs from Luminus Devices are the brightest and most versatile solid state light sources available today, redefining the solid state lighting landscape by enabling the creation of innovative new products and applications. For more information, visit <http://www.luminus.com/>.

### **Trademarks**

Mouser and Mouser Electronics are registered trademarks of Mouser Electronics, Inc. All other products, logos, and company names mentioned herein may be trademarks of their respective owners.
