Molex Mini-Fit H2O™ Sealed Interconnect System

Mansfield, Texas, USA — October 09, 2009 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Molex.

The Molex Mini-Fit™ H2O Sealed Interconnect System is IP67-rated with pre-installed seals for dust-tight and weatherproof (submersible in up to one meter of water), compact connections in wire-to-wire applications up to 9.0A per circuit. This product family consists of plug and receptacle assemblies and male and female crimp terminals. The plug and receptacle assemblies are provided with the interface and the wire seals are preinstalled, providing a time savings to the customer. The terminals have a new wingless design that will not damage seals upon installation or removal. The Molex Mini-Fit Sealed Interconnect System is ideal for outdoor applications, vending, industrial, HVAC, recreational vehicles, medical, and material handling equipment applications. To learn more, visit <http://www.mouser.com/MolexMiniFitH2O>.

Mouser Electronics is the only major distributor to publish a new 2,184+ page print catalog every 90 days. In addition, its website with interactive online catalog is updated daily, contains more than a million products for easy online purchase, provides over 1.5 million cross-references, as well as more than 900,000 downloadable data sheets, supplier-specific reference designs, application notes, and other technical design information.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 390 manufacturers. Mouser's 2,184+ page catalog is published every 90 days, providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 280,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.
