Narrowest Width Available - 2.60mm Molex SlimStack SMT Board-to-Board Connectors

Mansfield, Texas, USA — November 25, 2009 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Molex.

The Molex SlimStack™ 0.40mm SMT Board-to-Board Connectors have an ultra-narrow 2.60mm width, reduced length, and a 1.50mm height, and do not include solder tabs for even more space savings. This SlimStack series feature the narrowest width available for connectors that can mate in both board-to-board and FPC-to-board configurations. The Molex SlimStack SMT Board-to-Board Connectors accommodate a 0.3A current and 50V with gold contact plating. The SlimStack series is ideal for mobile phones, PDAs, digital cameras, camcorders, and any application requiring maximum PCB space savings. To learn more, visit http://www.mouser.com/molex.

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects. Mouser Electronics' website with interactive online catalog is updated daily, and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs a year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.

About Molex

Established in 1938, Molex is one of the world's largest global manufacturers of interconnect products. Molex creates innovative product solutions for wire-to-wire, wire-to-board, and board-to-board interconnect, including header, backplane, terminal, telecom, ethernet, and cable, as well as application tooling. Molex's efforts to minimize the environmental impacts of business activities, products, and services are reflected in their commitment to their environment management system, ECOCARE.

Nearly Every Connector Under the Sun

In an industry with overwhelming options, it is comforting to know that you can find what you need from Molex and get it when you need it from Mouser.
