Murata Power Solutions Expands MEA Series DC/DC Converters

Mansfield, Texas, USA — December 15, 2009 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Murata Power Solutions.

The Murata Power Solutions MEA Series High Performance DC/DC Converters are the new high performance version of the 1W NWA Series. The 1kVDC isolated dual output.MEA series is more efficient and offers improved regulation performance less than or equal to 5% for applications where a wide output voltage variation can not be tolerated. The Murata Power Solutions MEA Series High Performance DC/DC Converters are ideally suited for providing dual rail supplies with the added benefit of galvanic isolation to reduce switching noise. All of the rated power may be drawn from a single output providing the total load does not exceed 1 watt.

Known for its broad-based product line, unsurpassed customer service, and streamlined warehouse operations, Mouser continuously offers customers the most innovative products and latest technologies for their new design projects. Mouser Electronics' website with interactive online catalog is updated daily, and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs a year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.

About Murata Power Solutions

Murata Power Solutions has acquired C&D Technologies' Power Electronics Division

Murata completed the acquisition of C&D Technologies' Power Electronics Division on September 3, 2007 and established Murata Power Solutions as a leading global supplier of power products, specifically DC/DC converters. Their products include DC/DC converters, power supplies, and magnetics, as well as the DATEL line of digital panel meters and data acquisition devices. For more information, visit <http://www.murata-ps.com>.
