Mouser has the New BEI15 Series DC-DC Converters from Murata Power Solutions

Mansfield, Texas, USA — April 30, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Murata Power Solutions.

The Murata Power Solutions BEI15 Series DC-DC Converters are isolated wide input bipolar DC-DC Converters featuring a full 15 Watt output in one square inch of board area. The BEI15 series offers efficient regulated DC power for PCB mounting. The wide range 4:1 inputs on the 0.96" x 1.1" x 0.35" converter are either 9 to 36 Volts DC (Q12 models) or 18 to 75 Volts DC (Q48 models). The Murata Power Solutions BEI15 Series DC-DC Converters are ideal for high current applications such as small instruments, area-limited MCUs, data communications equipment, remote sensor systems, vehicle, and portable electronics. To learn more, visit <http://www.mouser.com/muratabei15>.

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

Mouser Electronics' website with interactive online catalog is updated daily and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, it houses downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.
