Mouser Expands their Murata Power Solutions Offering with the New HPQ-12/25-D48 Series!

Mansfield, Texas, USA — January 26, 2011 - Mouser Electronics, Inc., regarded as a top global engineering design resource for semiconductors and electronic components, today announced it is stocking new product from Murata Power Solutions.

The Murata Power Solutions HPQ-12/25-D48 Series are isolated 300-Watt DC/DC Converters offering up to 25 Amp output current and requiring no heat sink for most applications. The HPQ-12/25-D48 series delivers fixed 12 Vdc output at 300 Watts for PCB mounting. The Murata Power Solutions HPQ-12/25-D48 quarter-brick package (2.3" x 1.45" x 0.44") converter offers wide range inputs of 36 to 75 Volts DC (48 Volts nominal), making it deal for datacom and telcom systems.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers by delivering What's Next in emerging technologies. Mouser offers customers the latest, most technologically advanced components for their newest design projects. Mouser Electronics' website is updated daily and searches nearly 7 million products to locate over 1.8 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser

Part of Warren Buffett's Berkshire Hathaway, Inc., Mouser Electronics, Inc. is an award-winning semiconductor and electronic component distributor, focused on the rapid introduction of new products and emerging technologies to electronic design engineers. Mouser.com features more than 1.8 million products online from more than 400 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 300,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility, located south of Dallas, Texas. For more information, visit www.mouser.com.

About Murata Power Solutions

Murata Power Solutions has acquired C&D Technologies' Power Electronics Division

Murata completed the acquisition of C&D Technologies' Power Electronics Division on September 3, 2007 and established Murata Power Solutions as a leading global supplier of power products, specifically DC/DC converters. Their products include DC/DC converters, power supplies, and magnetics, as well as the DATEL line of digital panel meters and data acquisition devices. For more information, visit <http://www.murata-ps.com>.
