For Immediate Release

Murata Power Solutions 6000 Series Surface Mount Inductors

February 01, 2012 - [Mouser Electronics, Inc.](http://www.mouser.com), regarded as a top design engineering resource and global distributor for semiconductors and electronic components, today announced it is stocking new product from Murata Power Solutions.

Murata Power Solutions 6000 Series is a range of high-current, Surface Mount Power Inductors offering the lowest DC resistance values available. These SMT inductors are designed for energy storage, input, or output filtering and DC/DC converter applications. The 6000 Series from Murata Power Solutions feature a wide range of inductance values: 5.8 to 57.8 μH for the 6000A Series and 47 to 680 μH for the 6000B Series.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 19 global support locations and stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is updated daily and searches more than 8.7 million products to locate over 2.8 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning, authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 2.8 million products online from more than 450 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 375,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit www.mouser.com.

About Murata Power Solutions

Murata Power Solutions has acquired C&D Technologies' Power Electronics Division

Murata completed the acquisition of C&D Technologies' Power Electronics Division on September 3, 2007 and established Murata Power Solutions as a leading global supplier of power products, specifically DC/DC converters. Their products include DC/DC converters, power supplies, and magnetics, as well as the DATEL line of digital panel meters and data acquisition devices. For more information, visit <http://www.murata-ps.com>.
