OSRAM CERAMOS LED

Mansfield, Texas, USA — September 28, 2009 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from OSRAM Opto Semiconductors.

The OSRAM CERAMOS LED is housed in a ceramic package that offers excellent thermal characteristics and a long lifetime. The OSRAM CERAMOS LED's surface-mount ceramic toplooker package is designed for high light output, making the device ideal for use in camera flash and strobe lights and other space-sensitive applications. The OSRAM CERAMOS LED is available in amber, white, ultra white, and yellow lens colors. To learn more, visit <http://www.mouser.com/osramceramos>.

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

Mouser Electronics' website with interactive online catalog is updated daily and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, it houses downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.
