Mouser has the Powerful New TEH100 Series 100W Resistors from Ohmite

Mansfield, Texas, USA — April 02, 2010 - Mouser Electronics, Inc., known for its rapid introduction of the newest products, today announced it is stocking new product from Ohmite.

The Ohmite TEH100 Series 100 Watt TO-247 Thick Film Power Resistors offer low ohmic value and non-inductive design for high frequency and pulse loading application, especially power supplies. 100 Watt power rated at 25°C case temperature, the TEH100 series features non-inductive performance and low thermal resistance. The resistors were designed for non-induction, RoHS compliance, and the resistor package is totally insulated from the heat sink. The Ohmite TEH100 Series 100 Watt TO-247 Thick Film Power Resistors have a molded housing for environmental protection and single screw mounting simplifies attachment to the heat sink.

Known for its focus on design engineers with its broad product line, unsurpassed customer service, advanced on-line catalog and innovative product marketing, Mouser continuously offers customers the newest products and latest technologies for their new design projects.

Mouser Electronics' website with interactive online catalog is updated daily and searches over 5 million products to locate over a million part numbers available for easy online purchase. Plus, it houses downloadable data sheets, supplier-specific reference designs, application notes, technical design information and engineering tools.

About Mouser

Mouser Electronics, Inc. is an electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers. Mouser.com features more than a million products online from more than 400 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 270,000 customers in 170 countries from its 432,000 sq. ft. state-of-the-art facility in Mansfield, Texas. For more information, visit www.mouser.com.

About Ohmite

Since 1925, Ohmite has maintained a leadership position in the design and manufacture of Power Resistive Products. Through innovation and acquisition Ohmite's offering has grown to include power resistors, surface mount resistors, and rheostats. Ohmite will continue to develop new technologies and packaging techniques to meet the demand of the changing market far into the future. For more information, visit <http://www.ohmite.com>.
